PROFILE

Social media manager with five years of experience growing brands on social media across multiple projects for companies in Canada. Specialises in Meta (Facebook & Instagram) advertising, from building and setting up campaigns to optimising them for leads and sales, and in creating content that consistently reaches around **40K views per video**. Has led a team of three, takes a data-driven approach shaped by an engineering background, and wants to bring this experience to a fashion and clothing brand.

WORK EXPERIENCE

Social Media Manager – Team Lead 08/2021 – 10/2026

iBestDesign · Ottawa, Canada (remote)

- Managed social media for **multiple projects and brands**, leading a **team of three** from planning and content creation to publishing and reporting.
- Created video content that averaged about **40K views per video**, building brand awareness and audience engagement.
- Built, launched and optimised **Meta (Facebook & Instagram) ad campaigns**, increasing lead generation by **60%** with conversion rates above **15% of visitors**.
- Ran paid social campaigns that delivered **about 50 conversions per month** in limited markets, at a **300% return on ad spend (ROAS)**.
- Supervised ad creative preparation, setup and publishing for posts, videos and user-generated content (UGC).
- Grew follower bases organically over four months and strengthened each brand's identity and online presence.
- Analysed audience behaviour, trends and campaign performance to sharpen content and targeting.
- Streamlined the team's content workflow and scheduling so campaigns went out on time across all accounts.
